VR ZOMBIE

VIRTUAL REALITY

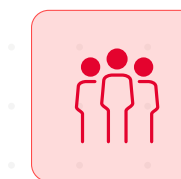

Description

Virtual reality shooting games. Equipped with a VR headset and a weapon, you are plunged into a world infested with zombies. Alone or in a team, you have to survive all their waves of attack until the last level of the game. 2 maps available and a 3rd one in development with a more cartoonish development/atmosphere.

This VR experience is played in static mode, without movement. The players are therefore stationed at different spots and defend their position.

The game is currently being readapted to be playable in Free Roaming in future centers.
