

Product description

Applying Reinasan 24/7 Active Protection adds additional functionality to the object/product. For example, with the pH neutral maintenance product available, skin stains are easily removed. Dust particles are no longer attracted and a permanent breakdown of microbiological contamination takes place. Aesthetically, it stays beautiful longer due to the UV protection, its lifespan is prolonged, thus saving costs and investments. It retains the freshness and appearance as when new.

Addition

The protection and care products have no negative effects on existing properties of fabrics or materials. It comes with a 5-year warranty for proven performance and durability. It is suitable for new and or existing materials and there is no hindrance when the treatment is reapplied after the guarantee period.

Partner information

Reinasan works exclusively with partners. After a company successfully completes the training course, the trained employees are certified. This enables the partner to carry out assignments 100% independently. In this way, they can distinguish themselves by offering extra service and contribute to making our planet more sustainable and circular. Also, the system offers the partner the opportunity to generate more turnover.
