

# OZONE

Office ☒  
Home ☒

Diverse configurations and aesthetically pleasing design makes The Ozone the perfect solution for any office's power supply needs.

## SWIVELLING CABLE EXIT

The Ozone features a swivelling cable exit that allows for a 90° range of orientation, extending cable life by relieving cable stress, and allowing the cable to exit in the best suited position.

## SWITCHES

The unit is able to house a 15A Thermal Overload Switch as well as other standard red and green switches depending on request.

## CONFIGURATIONS

The possibilities are nearly endless with the wide variety of power outlets, data/voice connections, switches and protection devices.

## POWER OUTLET ORIENTATION

Power outlets are pre-fitted at any angle in 45° increments.

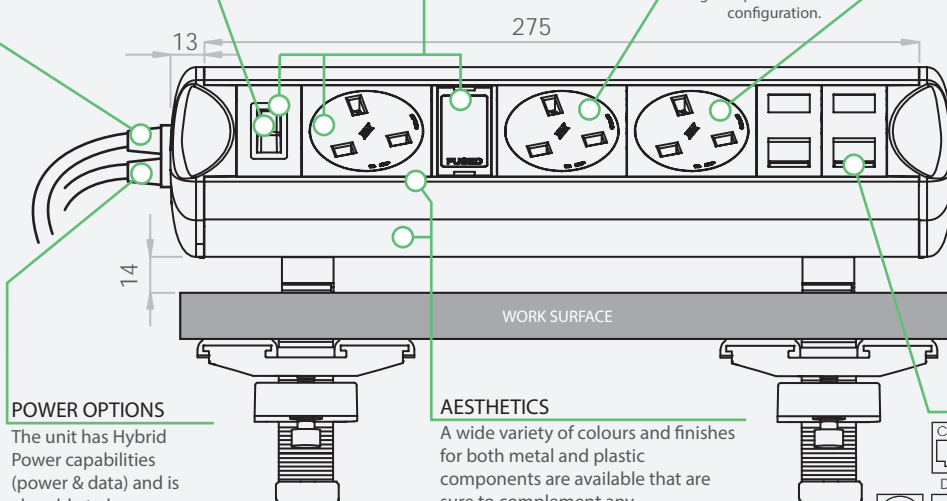

\* Length dependant on configuration.

## POWER OUTLETS

Choose from 24 international power outlets available in black, grey and white. Optional colours are also available. Contact your closest distributor for more information or visit: [www.powerlogic.net](http://www.powerlogic.net)

## MOUNTING OPTIONS

The unit has a wide variety of mounting options guaranteed to suit almost any situation. It can be mounted on any work surface ranging from 10mm to 50mm.

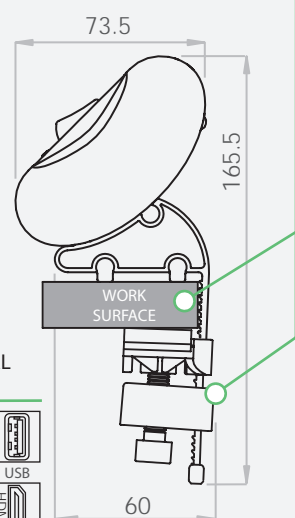

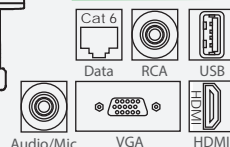

## POWER OPTIONS

The unit has Hybrid Power capabilities (power & data) and is also able to house one or more circuits in a single unit.

## AESTHETICS

A wide variety of colours and finishes for both metal and plastic components are available that are sure to complement any environment. Contact your distributor for more information.

## PERIPHERAL OPTIONS

\* USB Smart Charger available

All measurements are in millimeters unless otherwise indicated
