MOCA
MARKING MACHINE

- Cost effective printing solution for Partex marker cards system.

- Single sided printer for larger production volumes.

- Prints on Partex PFC-cards.

- Connected to a PC and controlled by Partex software WinSign.

GENERAL INFORMATION

Design
Moca is a compact and powerful card printer.
It has fast print speed and excellent print quality.
With its sturdy and durable construction, Moca works equally well in an office as in a production environment.

Features
- LED status indicator
- USB connection
- Automatic card feeding
- Works with Partex software WinSign

TECHNICAL SPECIFICATION

Thermal transfer printing:
300 dpi print resolution

Printing speed:
500 cards/hour monochrome

PC connection:
USB 2.0 and Partex software WinSign

Measurement
395x200x250 (LxWxH)

**Temperature range**
Operating temperature: +15ºC to +30ºC
Storage temperature: -5ºC to +55ºC

Operating humidity: 20% to 65% non-condensing
Storage humidity: 20% to 70% non-condensing

To obtain the best printing result, the temperature of the profile shouldn't be lower then +20ºC.

APPLICATIONS

PFC-card

PFC in PT+PFC sleeve

Printed marker tags mounted in sleeves.
