FEED SUPPLEMENTS

A CARE VET Vitamin A Supplement

Composition : Each ml. contains
Vitamin A : 1,00,000 IU

Benefits :

- Highly useful in the following stress conditions
 - Vaccination • Deworming • Handling
 - Transportation • Disease
 - Climatic disturbance etc.
- Improves health & immunity.
- Increases growth and body weight.

Indications :

- All stress causing times.
- Any disease outbreaks
- Poor growth
- As a performance booster

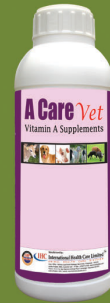

Dosage : 7-10 days

Large animals : 10ml. / animal / day

Calves, Sheep, Goat : 5 ml. / animal / day

Dog : 3 ml. / animal / day

Pig Starters & Growers : 3 ml. / animal / day
(or) as advised by a veterinarian.

Packs : 500 ml., 1000 ml.

STRESS MATE VET Vitamins AD₃EC premix

Composition : Each 5ml. contains
Vitamin A : 2,50,000 IU
Vitamin D₃ : 25,000 IU
Vitamin E : 150 mg
Vitamin C : 500 mg.

Benefits :

- Highly useful in the following stress condition
 - Vaccination
 - Deworming

- Handling
 - Transportation
 - Disease
 - Climatic disturbance etc.
- Improves health & immunity.
 - Increases growth and body weight.

Indications :

- All stress causing times.
- Any disease outbreaks
- Poor growth

- As a performance booster

Dosage : 7-10 days

Large animals : 20ml. / animal / day

Calves, Sheep, Goat : 7-10 ml. / animal / day

Dog : 3-5 ml. / animal / day

Pig Starters & Growers : 3-5 ml. / animal / day
(or) as advised by a veterinarian

Packs : 250 ml., 500 ml.,
1 ltr. plastic bottle

V-PLEX LM VET B-Complex Vitamins with Amino Acids

Composition : Each 10ml. contains
Vitamin B₂ : 2.00 mg.
Vitamin B₆ : 1.10 mg
Vitamin B₁₂ : 12.50 mcg.
L-lysine : 7.50 mg.
DL-Methionine : 7.50 mg.
Niacinamide : 50.00 mg.
Calcium D Pantothenate : 2.00 mg.

Benefits :

- Prevents polyneuritis, paralysis and muscular dystrophy.
- Improves immunity.
- Helps to recover from vitamin-B deficiencies.
- Improves Feed consumption and weight gain.

Dosage : 7-10 days

Large animals : 40-60 ml. / animal / day

Calves, Sheep & Goat : 20ml. / animal / day

Dog : 5ml. / animal / day

Pig : Starters, Growers : 3-5 ml. / animal / day
(or) as advised by a veterinarian.

Packs : 1 ltr., & 5 ltr.
plastic bottle

LIV-ON VET Liver Stimulant, Digestant and Correctant

Composition :
Special herbal Liver tonic prepared from selective herbs having functional properties as liver stimulant, correctant and digestant.

Benefits :

- Improves liver function and helps for better digestion.
- Corrects liver disorders like fatty livers.
- Improves feed conversion ratio.
- Increases growth and body weight.

- Maintains optimum health and immunity.
- Highly useful during antibiotic treatments.

Indications :

- Low feed intake • Mycotoxycosis
- Fatty liver disease • Hepatitis
- Poor growth • Poor body weights
- Improves feed utilisation and feed intake.

Dose : 5-7 days

Large animals :

30ml. / animal / day

Calves, Sheep & Goat :

10ml. / animal / day

Dog : 5ml. / animal / day

Pig : Starters & Growers : 3-5 ml. / animal / day
(or) as advised by a veterinarian.

Packs : 500 ml., & 1 ltr.
plastic bottle

ADD CAL VET Calcium, Phosphorus & Vitamin D₃ preparation

Composition:

Each 10 ml Contains :
Calcium : 200 mg.
Phosphorus : 100 mg.
Vitamin D₃ : 1600 I.U.
Vitamin B₁₂ : 6 mcg
Manganese : 5 mg.
Vitamin C : 10 mg.

Benefits:

- Improves milk production
- Helps for better bone and skeletal strength.
- Prevents hypocalcemia and milk fever.
- Prevents complications like dystocia, retention of placenta, metritis, mastitis etc.
- Increases growth and body weights of calves.
- Improves health, vigour, appetite, bone strength and growth of dogs.

Dosage:

Cattle & Buffaloes / Horses :

100 ml. / day / 7-10 days in a month.

Calves : 40 ml. / day / 7 days in a month.

Dogs : 5 ml. / day.

Sheep & Goats :

10 ml. / day - 7 days in a month.
(or) as advised by a veterinarian.

Packs : 500 ml., & 1 ltr.
5 ltrs., plastic bottle

COUGH RELIEF VET

Herbal Respiratory Tonic

Composition:

Cough Relief Vet is a special herbal preparation from special selective herbs having functional properties as expectorant, anti inflammatory and anti microbial.

Benefits :

1. Prevents respiratory problems.
2. As a supportive therapy along with antibiotics during respiratory infections.

3. Relieves from stress caused due to respiratory distress.
4. Allows the animal to take enough feed.

Dosage : 7-10 days

Large animals : 50-60 ml. / animal / day

Calves, Sheep, Goat : 20ml. / animal / day

Dog : 5ml. / animal / day

Pig : Starters & Growers : 5ml. / animal / day (or) as advised by a veterinarian.

Packs : 500 ml., & 1 ltr. plastic bottle

LIQVIT-ESEL

Vitamin E & Selenium Supplement

Composition : Per Litre

Vitamin E (a-tocopherol acetate) : 17 g

Selenium (sodium selenite) : 2 g

Benefits:

1. Helps for better build up of health and immunity.
2. Helps for better growth and yield.
3. Helps to prevent and treat exudative diathesis, degenerative myositis, liver disorders etc.

4. Helps to increase more fertility in males with better quality sperm.

Dosage:

Large animals : 5- 10 ml/animal/day

Small animals: 2-5 ml/animal/day

(or) As advised by a Veterinarian

Packs : 500 ml., & 1 ltr. plastic bottle

I-SAN-VET

Potent & Safe Disinfectant

Composition:

Available iodine : 2.8%

Stabilizers and surfactants : Q.S.

Benefits:

1. I-SAN-VET is a perfect and safe disinfectant.
- Bactericide :** Very effective and kills all gram positive, gram negative, aerobic, anaerobic and other types of bacteria.
- Viricide :** Effective for all kinds of viral groups.
- Fungicide :** Effective for all stages of fungal organism including spores.

Anti protozoan : Effective for most of the protozoan's including Eimeria sps.

2. It can be applied safely in dairy, sheep, goat farms.
3. Regular use of microdine vet in the walls and floors of dairy / farming animals prevents the multiplication of microbes and chances of occurring infections.

Dosage:

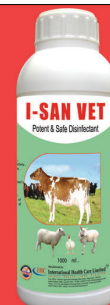

1. Washing and cleaning of surfaces : 1ml. / 1 litre of water.
2. Spray on animals : 3-5 ml/ 1 litre of water.
3. Disinfection of farms / sheds : 3 ml / 1 litre of water.
4. Foot and vehicle dips : 10 ml-15 ml / litre of water.

Safety Precautions:

1. Avoid contact with eyes and skin.
2. Wear gloves, masks and goggles while handling.

3. Don't swallow
4. Don't mix with other kinds of chemicals when using.
5. Only use under supervision of a veterinarian.

Apply fine mist of I-SAN-VET once a week in the presence of live stock. During presence of disease conditions and poor sanitizing conditions spray twice a week.

Packs : 500 ml., & 1 ltr. plastic bottle

RE-PLACE

For Retained Placenta

Composition :

Special herbal & mineral preparation having functional properties as ecboic and involution of uterus in animals.

Main herbs incorporated are Rubia cordifolia, Harmala, Aristolochia bracteata etc.

Benefits :

1. Effectively and quickly expels the retained placenta.

2. Very safe and no side effects during the process of action and also later.
3. Helps to reduce the excessive discharges and so helps to avoid possible infections like metritis, pyometra etc.
4. Brings back the uterus tone to the normal level and helps to proceed for next cycle of reproduction process.
5. Reduces inter calving period by effective and early comeback for reproductive cycle.

Dosage:

Cows / Buffaloes / Mares :

100 ml/ dose / day

Sheep & Goat :

50 ml / dose / day

Special Note:

It is recommended to give 2 doses in first day with 4-8 hours interval and alter one dose / day for 3 days (or) as advised by a veterinarian.

Packs : 500 ml., & 1 ltr. plastic bottle

TYMP-OUT (Liquid & Powder)

For Control of Bloat

Composition :

Extracts of special selective herbs along with essential oils having anti frothing, antizymotic, antacid and digestive stimulant properties.

Benefits:

1. It is a best anti frothing agent and breaks the froth and makes the route clear for easy expulsion of gases.
2. It is also a best antizymotic agent and stops excess fermentations as well as production of excess gases.

3. It is palatable with good natural flavour and well accepted by the animal for oral administration.
4. Very safe, no side effects in the true stomach.
5. Animal feels nil stress unlike in other chemical preparations for the same purpose.
6. Very effective, quick action and animal feel complete relax immediately after administration.
7. Helps to maintain normal ruminal pH.

Dose:

Cattle / Buffaloes / Horse : 100 ml. or 100 gms. / animal

Sheep & Goats : 50 ml. or 50 gms. / animal.

(or) as advised by a veterinarian.

Note : If the problem is severe administer both liquid and powder doses alternatively with 15 minutes interval.

Packs: Liquid : 100ml., 500ml.
Powder : 100 gms., 500 gms.

TOXAL Liquid

Liver Correctant, Digestant and Performance Booster

Composition :

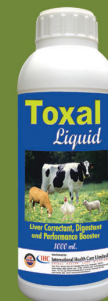

Each 100 ml. contains
Copper sulphate : 2.50%
Glacial Acetic Acid : 2.00%
Propionic Acid : 2.00%
Phosphoric Acid : 1.00%
Choline Chloride : 0.05%

Benefits:

- Acts well on toxins and moulds.
- Controls the pathogenic bacteria in the gut.
- Decreases the chances of disease outbreaks.
- Helps for stimulation of liver, better digestion, absorption of nutrients.
- Helps to increase renal function and purity of blood.

Dosage:

Large animals :
50-60ml/animal/twice a day for 5-7 days
Small animals :
15-20ml/animal/twice a day for 5-7 days
(or) as advised by a veterinarian.

Packs : 500 ml., 1000 ml., 5 ltrs.

C HERB Vet (Liquid)

Natural Vitamin C with Electrolytes

Composition:

"C" Herb Vet Liquid is a special formulation prepared from special selective herbs which are rich source of natural Vitamin C fortified with Electrolytes.

Benefits:

- Helps to increase the disease resistance power.
- Helps to relieve the animals from stress factors.
- Helps to increase the health and immunity in Animals.
- Helps to increase milk production.

Dosage :

Cattle, Horse, Camel : 50-100 ml./twice daily
Sheep, Goat, Calves : 20-40 ml./twice daily
(or) as advised by a veterinarian.

Packs : 500 ml., 1000 ml., 5 ltrs.

HI-MILK

Milk & Fat Enhancer

Composition: Hi-milk is a special blend of the following in suitable proportions:

Beneficial Bacteria: Bacillus Subtillis, Bacillus Polymyxa, Lactobacillus Lactis, Bifido Bacterium, Lactobacillus Casei, Streptococcus faecium.

Enzymes: Alpha Amylase, Protease, Lipase, Xylanase, Phytase, Cellulase, Pectinase.

Amino Acids: L-Lysine, DL-Methionine

Minerals: Calcium, Phosphorus, Zinc, Manganese, Magnesium, Iron, Cobalt.

Vitamins: Vitamin A, Vitamin D₃, Vitamin E, Vitamin C.

Benefits:

1. Keeps the animals with optimum health, immunity and activeness.
2. Increases milk yield
3. Improves fat content in the milk
4. Helps for fast growth and extra body weights.

Indications:

Poor growth, malnutrition, low milk yield, drop in milk yield, calf death conditions, during antibiotic therapy etc.

Dosage:

Dairy animals (Cows & Buffaloes) : 30 - 50 gm / animal/day
Growing animals : Calves, Heifers : 15 - 30 gm / animal/day
In cattle feeds: 5-10 kg / Metric ton of cattle feed.
(or) as advised by a veterinarian.

Packs : 200 gm., 500 gm., 1 kg.,
10 kg. & 25kg bag/drum

MIN ALL

Special quality Cattle Mineral Mixture enriched with Chromium and Amino Acids

Composition : Each 1kg. contains :

Bioactive chromium : 65 mg.
Calcium : 240 gms.
Phosphorus : 120 gms.
Magnesium : 2.11 gm.
Zinc : 2.13 gm.
Copper : 312 mg.
Cobalt : 45 mg.
Iron : 1000 mg.
Iodine : 160 mg.
DL-Methionine : 2.00 gm.
L-Lysine : 4.00 gms.
Protein hydrolysate : 4.00 gm.

Benefits:

1. Ensures higher fertility rate and conception.
2. Helps for faster recovery from illness.
3. Improves milk production and milk fat content and maintains for longer periods.
4. Provides essential minerals which useful for general health, disease resistance etc.
5. Increases growth of calves.
6. Relieves the animals from stress / strain.

7. Most suitable in the conditions like advanced pregnancy, repeat breeding, delayed sexual maturity etc.

Dosage:

Calves : 10 gms. / daily
Cows & Buffaloes : 30 gms / daily
Pigs : 20-30 gms / daily
Animal feeds : 10 kg. / ton of feed daily
(or) as advised by a veterinarian.

Packs : 200 gm., 500 gm., 1 kg.,
10 kg. & 25kg bag/drum

MIN ALL FORTE

CATTLE MINERAL MIXTURE with Vitamins, Amino Acids & Yeast Culture

Composition:

Each kg. contains
Calcium : 240 gms.
Phosphorus : 120 gms.
Copper : 312 mg.
Cobalt : 45 mg.
Magnesium : 2.10 gms.
Zinc : 2.10 gms.
Iodine : 156 mg.
Iron : 1000 mg.
Chromium : 65 mg.
L-Lysine : 4.4 gms.
DL Methionine : 2.2 gms.
Sulphur : 7 gms.
Potassium : 100 gm.
Sodium : 6 gms.
Selenium : 10 mg.
Vitamin A : 6,00,000 I.U.
Vitamin D₃ : 6,000 I.U.
Vitamin E : 200 mg.
Yeast culture : Q.S.

Benefits:

1. Improves milk yield.
2. Helps for better growth.
3. Increases health and immunity.
4. Better fertility in females
5. Better strength in bullocks.
6. Enhances additional stress bearing capacity

Indications : Low milk yield, advanced pregnancy, peak lactations

repeat breeders, young calves, poor growth, during antibiotic treatments etc.

Dosage : Continuously or 10 days in each course.

Cow & buffaloes : 30 gms.
Calves : 10 gms.
Pigs : 20 gms.
In feed : 10 kg. / ton of feed.
(or) as advised by a veterinarian.

Packs : 200 gm., 500 gm., 1 kg.,
10 kg. & 25kg bag/drum

PRO-BAN

For Care & Cure of Prolapse

Composition:

Special herbal and mineral preparations having strong antimicrobial and pain relieving properties without strain to the animals.

Indications:

- Pre parturient prolapse of vagina.
- Post parturient prolapse of uterus.

Dosage :

PREPARTURIENT PROLAPSE OF Vagina :
50 gms. powder thrice daily till recovery.

POST PARTURIENT PROLAPSE OF UTERUS :

After reducing the prolapsed uterus to its normal position 50 gm. powder / 5 times daily as per the severity of the case (or) as advised by a veterinarian.

Packs : 1 kg. tin / pouch

STOP

For Control of Diarrhoea

COMPOSITION : Extracts of special selective herbs having functional properties as anti diarrhoeal and anti spasmodic. The main herbs incorporated are aegle marmelos, cinnamomum, zeylanicum, zingiber officinale, punica granatum, woodfordia flooribunda, acasia catechu, cyperus rotundus, bombax malabaricum, mangifera indica etc.

BENEFITS :

1. Acts as best astringent and anti spasmodic.

2. Having ability to reduce the disease causing microbial load.
3. Adsorbs toxic substances in the gut / stomach and expels out.
4. Improves digestion and reduces gastric disturbances.
5. Prevents the formation of gases and minimizes the chances of bloat / tympany.
6. Peristaltic movements brings to the normal level.

INDICATIONS : Diarrhoea of specific and non specific conditions Calf scours, Enteritis, Dysentery, Gastritis, Entero toxemia, Flatulence etc.

DOSAGE :

Large animals : 30-50 gms. / animal / day / 7-10 days.
Small animals : 10-20 gms. / animal / day / 7-10 days
(or) as advised by veterinarian.

Packs : 1 kg. tin / pouch

MOVE

Laxative & Purgative

Composition :

Special selective herbal preparation having functional properties as anti toxic, digestant, stomachic, appetizer and finally laxative and purgative. Special salts are added to aggravate the action quickly and smoothly.

Benefits :

- Regulates bowel movements and helps for better bowel evacuation.

- Binds toxins selectively and expels out through dung.
- Most suitable in the conditions like bloat, colic, constipation and restlessness postures etc.
- Brings back the intestinal motility to normal level.

Dosage :

Cattle / Buffaloes / Horses / Camels : 200-300 gms / animal
Heifers / Sheep / Goat : 100-150 gms / animal / dose.

Note :

For purgative action double the dose may be required (or) as advised by a veterinarian.

Packs : 1 kg. tin / pouch

FAST

For Optimum Oestrus Cycles

Composition:

Special selective herbal preparation having functional properties as induction of ovulatory oestrus by optimising ovarian functions. The main herbs incorporated are vavding, pulas beej, sonamukhi, gokhru, behada, hirda, shatavari, balshepa, mohari, shivangi, ashwagandha, brahmi, chitrak etc.

Essential minerals like calcium, phosphorus, magnesium, zinc, manganese, cobalt, iodine, selenium etc. added for correction of mineral deficiencies.

Very Special for Induction of ovulatory heat in anoestrus animals due to :

1. Anoestrus with non functional ovaries.

2. Anoestrus in aged heifers with delayed reproductive maturity.
3. In calved animals either in dry condition or with prolonged inter calving periods.

Benefits:

- Regulates oestrus cycles • Induces hormones like FSH • Covers the deficiencies of minerals • Helps for early maturity and fertility • Corrects low grade endometritis • Enhances the tone of uterus • Reduces inter calving periods.

INDICATIONS : Anoestrus, hypo oestrus, silent oestrus, repeat breeding, delayed maturity in heifers.

DOSAGE :

50 gms. powder twice daily for 5 days
(or) as advised by a veterinarian.

Packs : 200 gm., 500 gm.
& 1 kg. pouch

HERBO-BATISA

Appetite Stimulant & Digestant

Composition:

Special selective herbal preparation having functional properties of stimulation of rumen functions, enhancement of digestion, absorption and assimilation of nutrients. The main herbs incorporated are terminalia arjuna, capparis spinosa, chichorium intybus, piper nigrum, tamarix gallica, solanum nigrum, ecipta alba, phyllanthus amarus etc.

Special chelated minerals (zinc, manganese, magnesium, copper, cobalt etc.) are added for ready absorption into the system for correction of mineral deficiencies.

Benefits:

1. Helps for better secretions of saliva and digestive juices for effective digestion of food.
2. Optimizes ruminal PH and maintains perfect microflora in the rumen for better digestion.
3. Better feed utilization by better enzymatic activity.
4. Improves strength of the animals by providing better immunity.
5. Optimizes residual movements for better passage of ingesta and expulsion of gases.
6. Provides comfort in the digestive tract and avoids the related stress caused to the animals.
7. It is the most suitable preparation in the conditions like Anorexia, Dyspepsia, Constipation, Stress etc.

Dosage : 5-7 days each time

Cattle / Buffaloes / Horses : 50-60 gms. / animal / day
Calves / Heifers / Adult Pigs : 20-30 gms. / animal / day
Sheep & Goat : 10-20 gms. / animal / day
Dogs : 5 gms. / dog / day (or) as advised by a veterinarian.

Packs : 200 gm., 500 gm.
& 1 kg. pouch

PYRIVET

Herbal Antipyretic & Analgesic

Composition: Each 10 gm. contains:

Exts. Guduchi (Tinospora cordifolia)	240 mg
Sunthi (Zingiber officinale)	160 mg
Vacha (Acorus calamus)	160 mg
Yashti-madhu (Glycyrrhiza glabra)	160 mg
Musta (Cyperus rotundus)	80 mg

Indications: * Fever, pyrexia of unknown origin (PUO)
* Fever in inflammatory conditions like mastitis, metritis, osteo arthritis, teno synovitis, myositis, neuritis, fibrositis, coxitis, gonitis, neuralgia, etc.
* Pain associated with prolapse of uterus, operative procedures, soft tissue injuries like sprains etc.

Dosage: Cattle & Buffaloes : 25 gm. twice daily
Calves, Heifers & Foals : 15 gm. twice daily
Sheep, Goats & Pigs : 10 gm. twice daily
In severe conditions, dosage may be increased, or (or) as advised by a veterinarian.

Packs : 100 gm. pouch

HILIB VET

Improves Libido & Promotes Sexual Drive

Benefits:

- Increases libido in breeding males.
- Longer reaction time prior to mounting.

Dosage:

Bulls & Stallions: 5 g once daily for 10 days before resuming semen collection or natural service. Concurrent usage of SEM-UP is recommended.
Rams: 1-2 g once daily for 7 to 10 days before resuming semen collection or natural service. Concurrent usage of SEM-UP is recommended
(or) as advised by a veterinarian.

Composition: Each 100 gm. contains

Kumkuma (Crocus sativus)	760 mg
Maricha (Piper nigrum)	150 mg
Latakasthuri (Hibiscus abelmoschus)	300 mg
Shudha kupilu (Strychnos nux vomica)	490 mg
Makardhwaj	490 mg
Shilajeet (Purified)	970 mg
Salabmisri (Orchis mascula)	490 mg
Akarakarabha (Anacyclus pyrethrum)	490 mg
Ashvagandha (Withania somnifera)	1.97 gm
Bala (Sida cordifolia)	490 mg
Shalmali (Bombax malabaricum)	490 mg
Vriddadaru (Argyrea speciosa)	970 mg
Kapikachchhu (Mucuna pruriens)	970 mg
Trivang	970 mg
Mineral excipients	q.s.

Packs : 100 gm. pouch

SEM-UP

Promotes Spermatogenesis

Composition: Each 100 gm. contains

Salabmisri (Orchis mascula)	25.3 g
Vanya kahu (Lactuca scariola)	6.2 g
Kokilaksha (Asteracantha longifolia)	1.2 g
Kapikachchhu (Mucuna pruriens)	6.2 g
Suvarnavang (Mosaic gold)	6.2 g
Shaileyam (Parmelia perlata)	6.2 g
Vriddadaru (Argyrea speciosa)	12.5 g
Gokshura (Tribulus terrestris)	12.5 g
Jeevanti (Leptadenia reticulata)	12.5 g
Mineral excipients	q.s.

Benefits:

- Keeps normal sperm morphology
- Increases sperm motility
- High sperm count

Dosage:

Bulls & Stallions: 10 g of Sem-Up powder twice daily for 10 days, to be repeated every month. Concurrent administration of Hilib Vet powder 5 g once daily provides better results.
Rams: 2-4 gm of Sem-Up powder twice daily for 3 weeks. Concurrent administration of Hilib Vet powder 1-2 gm once daily provides better results
(or) as advised by a veterinarian.

Packs : 100 gm. pouch

HAEMOS

To Assist Coagulation

Indications :

- Epistaxis, Hemogalactia, Hematemesis, Hematuria
- Gastro-intestinal bleeding • Uterine bleeding • Traumatic bleeding • Pre- & post-operative conditions to minimize the bleeding during and after surgery

Dosage: Cattle & Buffaloes : 25 gm. twice daily

Calves, Heifers & Foals : 15 gm. twice daily

Sheep, Goats & Pigs : 10 gm. twice daily

(or) as advised by a veterinarian.

Composition: Each 10 gm. contains

Amalaki	69 mg
Mocharasa	42 mg
Vasaka	38 mg
Sariva	37 mg
Kamala	33 mg
Durva	26 mg
Lajjalu	26 mg
Mouktika Sukti	320 mg
Sourashtribhasma	75 mg
Trinakantamani pishti	75 mg
Mineral excipients	q.s.

Packs : 100 gm. pouch

ZYMIX VET

Multi Enzyme with Trace Minerals

Composition : Each kg. contains

Xylanase	: 2,00,000 IU
Pectinase	: 42,500 IU
Cellulase	: 40,000 IU
Phytase	: 40,000 IU
Protease	: 20,000 IU
Amylase	: 20,000 IU
Beta Glucanase	: 20,000 IU
Mannase	: 15,000 IU
Lipase	: 12,500 IU
Trace minerals	: q.s.

Benefits :

- Help to increase rumen bacterial count & efficiency of microbial protein synthesis.
- Useful for better fermentation of substrates, released by enzymatic action.
- Increases volatile fatty acid out put.
- Improve milk yield & milk quality.
- Improves feed efficacy

Dosage :

500 gm to 1 kg per ton of feed

(or) 10 gm per animal per day

(or) as advised by a veterinarian.

Packs : 1kg. pouch

V-FORTE VET

Vitamins & Mineral Supplement

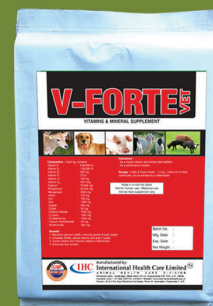

Composition :	Iron	: 700 mg
Each kg. contains	Zinc	: 1500 mg
Vitamin A : 5,00,000 IU	Copper	: 200 mg
Vitamin D ₃ : 1,00,000 IU	Cobalt	: 40 mg.
Vitamin B ₂ : 200 mg	Choline Chloride	: 7500 mg.
Vitamin E : 75 IU	L-Lysine	: 1000 mg.
Vitamin K : 100 mg.	DL-Methionine	: 1000 mg.
Vitamin B ₁₂ : 500 mcg.	Calcium Pantothenate	: 25 mg.
Calcium : 70,000 mg.	Nicotinamide	: 500 mg.
Phosphorus : 20,000 mg.	Benefits :	
Manganese : 2500 mg	1. Maintains optimum health, immu-	
Iodine : 100 mg	nity, growth & body weight.	

- Helps to achieve sexual maturity in early age.
- Improves fertility.
- Covers vitamin and minerals related deficiencies
- Enhances liver function.
- Helps to enhance performance in dairy animals.

Indications :

- As a routine vitamin and mineral feed additive.
- As a performance booster.

Dosage : Cattle & Swine Feeds : 1-2.5 kg./ metric ton of feed continuously (or) as advised by a veterinarian.

Packs : 2.5 kg., 10 kg., 25 kg.

TEAT CARE

Care of Mastitis

Teat Care is a special blend of herbs having antibacterial, anti-inflammatory, analgesic properties to remove inflammatory pain and swelling of udder associated with mastitis.

Composition:

Teatcare contains the herbs like - Acorus Calamus, Allivum Sativum, Boswellia Serrata, Azadirachta indica, Cinchona officinale, Curcuma longa, Nyctanthes arbortristis, Apium graveolens, Negella sativa, Vitmin E, Calcium and Phosphorus.

Benefits :

- Prevents Mastitis by minimising the bacterial infections to the udder and teats
- Reduces pain and swelling by its antiinflammatory effects
- Treats mastitis of variable etiology
- Helps in dissolution of fibrosis of mamary gland.

Dosage: Oral administration

Gives 20-30 gm. Teat Care orally (or) two bolus -7 days to get a complete cure (or) as advised by a veterinarian.

Impartant Note :

To prevent mastitis, wash the teats & udder regularly before & after each milking.

Packs : 100 gm. pouch

Packs : Also available in Bolus Form

COOLTROL VET

Electrolyte Supplement

Composition : Each kg. Contains

Sodium Chloride	: 10,000 mg.
Calcium Lactate	: 12,000 mg.
Calcium Glucanate	: 12,000 mg.
Sodium Bicarbonate	: 30,000 mg.
Sodium Citrate	: 60,000 mg.
Ascorbic acid	: 10,000 mg.
Potassium chloride	: 30,000 mg.
Magnesium sulphate	: 10,000 mg.
Elemental sodium	: 10,000 mg.
