SUPPLIER OF TOOLS FOR PROCESSING MINERAL AND
STONE WOOL

ABOUT US

Instrument I Komplektuyuschie (LLC) was founded 23.09.2010 and today it is one of the main suppliers of mineral wool processing tools in its region.

Our company offers a large selection of saw blades and circular knives designed specifically for cutting mineral wool, glass wool and other insulating materials. Samples of circular saws have been tested at various enterprises and have proven themselves very well.

In 2019, our company first time successfully delivered tools for cutting mineral wool abroad. Today we are constantly delivering our products to customers in Kazakhstan and Armenia and are ready to expand our customer base abroad.

OUR PRODUCTION BASE

We purchase materials for our production from trusted suppliers in China. On our factory we use modern equipment for soldering tips and segments and sharpening such as a machine VOLLMER CHP 840.
