About our Company!

The candle factory of the Greek company Luxodor, based in Larissa, manufactures specialized scented candles from certified materials, in innovative guides of certified fragrances and in ecological recommendations of European standards.

OUR WORK / MATERIALS!

We have knowledge and experience as manufacturers of eco-scented plant candles and paraffin candles. We only use certified wax materials, in accordance with the legislative and European provisions of certified wax Golden wax GMO GREE, Soy wax C3, Greek Beeswax with zero paraffin and paraffin EN

Specialisation / Service!

In our laboratories, we control every stage of production and carefully study the ingredients, to ensure that our candles and our customers' private label candles are certified and superior in aromatherapy and decoration. We work exclusively with accredited high quality perfume industries and use certified RAL colours.
