

## EVA-SHOES BY «JOSE AMORALES»

**TM «Jose Amorales» is a Ukrainian shoe manufacturer. Our shoes are made using a special technology of foaming from modern materials EVA.**

*The range of shoes is very diverse, these are both summer and demi-season models - ballet flats, flip flops, crocs, moccasins, overshoes and boots. The collection contains children's and teenage, women's and men's shoes.*

*Footwear from EVA differs in small weight, this material is elastic, resistant to deformation, but most importantly, it is non-toxic, has no unpleasant smell. Another advantage of shoes manufactured from EVA is low prices.*

*All shoes are manufactured using the latest technology. Shoes produced by «Jose Amorales» have all the necessary documents certifying that our EVA shoes have impeccable quality. The products undergo double quality control.*

*The footwear «Jose Amorales» from EVA is in great demand due to its unique properties. Summer and demi-season models of shoes from EVA are bright, light, soft, easy to wash, comfortable to wear.*
