

- *United Potteries Group started in beginning '80s in Thailand, when its Founder, Axel Eutebach, a self made-man entrepreneur, seized the benefit of introducing Asian ceramics to Western market, by container business.*
- *At beginning '90, when the Vietnamese government allowed foreign entrepreneurs to establish companies in the country, United Potteries Saigon was the very 1st German investment in Vietnam,*
- *We were operating United Potteries Vinh Long (producing Terracotta), United Potteries Binh Duc (producing Stoneware) and United Potteries Saigon (logistic center for Quality Control, Packing and Exporting). To fulfill big volume orders we are also directly controlling the major local subcontractors.*
- *Growing every year, we have reached the current turnover of 5 mil USD for over 1,000 cntr, employing directly and through our subcontractors over 300 workers.*
- *Production at two sites with 15,000 square meter per each.*
- *Peak Season from November to February*
- *Production Lead time approximately 60 days*
- *Our range of products is designed for:*
 - * *DIY chains looking direct producer prices, for the supplier able to fulfill audit requests for social and environmental compliances, with strict delivery time*
 - * *Single garden centers interested to combine several articles in the mixed pallets.*
 - * *Furniture importers and retailers where the top design ad quality stands the most.*
 - * *We are most of all grateful to our customers, whom gave us their trust and their orders, through the years.*
 - * *In Germany: **OBI, Rewe, Toom Baumarkt, Sagafloor, Dehner... and over 300 single garden centers***
 - * *In rest of Europe: **Baumax, Unopiu, B&Q, ASDA, independent importers and retailers***
 - * *In USA: **Crate & Barrel, Front gate, Target, Interlude ...***
