

PAPER ROLLS
PLOTTER AND COPIER

Roltech

MANUFACTURER OF STATIONERY

PLOTTER & COPIER

Our copier and plotter paper is a high quality white paper. Our offer includes uncoated copier paper rolls suitable for monochrome printing.

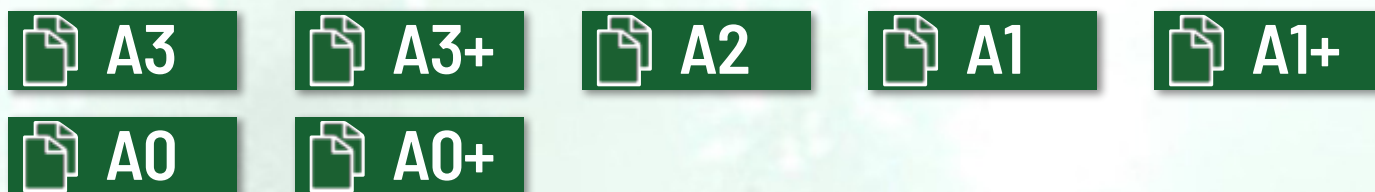

These products are suitable for technologies using inkjet printing on coated paper and are intended for large format copiers (A3 to A0+ formats).

In this field, paper quality is the factor that makes the difference for perfect printing, even at high resolutions.

The products we sell ensure the highest quality standards and are recommended for all plotter models, regardless of manufacturer. To guarantee quality, the rollers are pre-packed on delivery to avoid the ingress of dust or other impurities.

STANDARD PLOTTER SIZES OF PAPER ROLLS

PLOTTER PAPER ROLLS | SIZE A3

PRODUCT NAME	PRODUCT ID	WIDTH MM	LENGTH M	ØTUB MM	GRAMMATUR G/M ²
ROLTECH PLOTTER PAPER ROLL	297505080	297 MM	50 M	50 MM	80 G/M ²

ROLTECH PLOTTER PAPER CHARACTERISTICS

Surface finished paper for large format inkjet printing: architecture or construction, manufacturing, engineering.

Suitable for all inkjet plotter models. High whiteness ensures print quality, fine, sharp and precise lines.

WEIGHTS:

80 g/m², 90 g/m²

SIZES:

297mm, 310mm, 420mm, 594mm, 610mm, 841mm, 914mm.

INSIDE DIAMETER:

50mm, 76mm

Rolls are sealed in plastic film to protect against moisture.
