

PRODUCT

We love Cats! We make a product that cats and their owners will love...

After years of research, we developed the natural solution to cats' and their owners' cat litter problem. We want our pet friends and their owners be happy.

KikiKat

Happy Cat

Our quick & tight clumping cat litter is designed so that urine and feces can be easily removed from the litter box. Just scoop out the soiled litter from the box and leave the clean litter in its place.

With the help of one of the finest clays in the World and a special production process; it locks away unwanted odors instantly and naturally; without fragrances. It's good for your cat's health.

- **Ingredients:** 100% White Bentonite Clay
- **Granul Size:** 0,6 - 2,25 mm
- 99% **Dust-Free**
- **Quick Clumping & Easy Scooping**
- Outstanding **Odor Control**

Our product is packed in a 5-liter, high quality sealed-bag. It is easy to carry and adequate for a single cat's litter needs for a month.

BRAND

We built the “KiKiKat” brand and has given life to original “KiKiKat” character, because we want to have a living brand. We want to connect with our customers through an alive brand.

Today, visual content is simply more engaging to the average consumer because of social media & Internet habits. KiKiKat will have an animated life on Social Media to interact with people for higher brand awareness. We are producing multiple animation videos and graphics for this purpose.
