A Versum Materials Business

## Dynaloy EU Solvent Guide

PRODUCT	PRODUCT USE:										Description/ Notes
	Conformal Coating Removal	Depotting/ Decapsulation	De-inking	Cleaning Mixing & Metering Equipment	Cleaning Spray Guns, Nozzles, Tips, Etc.	Flushing Application/ Dispensing Equipment	Cleaning Molds	Paint Stripping	Adhesive Removal	Other Removal	
<b>To Remove: EPOXIES</b>											
Decap	X	X	X	X	X		X	X	X		Removes amine-cured epoxies
Dynasolve 760/715	X	X	X	X	X		X	X	X		Removes anhydride-cured epoxies
Dynasolve M-35						X					Removes most uncured polymers
<b>To Remove: URETHANES</b>											
PUR-Strip 100 & 300			X	X	X		X	X	X		Excellent for cured material
PUR-Flush 100 & 200						X					Flushes that leave minimal residue
UR-Away FL						X					Viton-safe flushing agent
Dynasolve 760/715	X	X	X	X	X		X	X	X		711 is aluminum-safe
Poly-Flush						X					Versatile flush for uncured material
Dynasolve 190	X	X									Electronics cleaner
Uresolve Blue	X	X									Electronics cleaner
<b>To Remove: SILICONES</b>											
Dynasolve 220/ 225/ 230	X	X	X	X	X				X		Hydrocarbon based
Dynasolve 218	X	X	X	X	X				X		Non-flammable version of 225
Dynasolve 217	X	X	X	X	X				X		Non-flammable version of 220
Dynasolve M-10						X					Excellent for uncured silicones
<b>To Remove: REACTIVE ADHESIVES</b>											
Dynaflake									X		Powdered roller cleaner
Dynasolve 760				X	X				X		Very effective when heated
<b>To Remove: OTHER MATERIALS</b>											
Citru-Dyn										X	General degreaser
