## Aluminum Tube Bending Fittings

Qualified Aluminum Tube Bending & Fabriacting Services provider from China, Custom U-shape curved tube according to customer's design.

We provide cutting, bending, drilling, shrinkage, flaring, flattening, extrusion flange, welding, polishing, pickling, anodic oxidation and other services.

Item: U-shaped Aluminum curved pipe

Material: AL 6061 T6

Finished: Polished & Anodized

Technics: Tube Bending

Hope our tube bending services is interest to you, once you have any tube products need to be custom produced, pls feel free contact with us.

## Descriptions

### Custom Aluminum Tube Bending Fittings

Ming Xiao Manufacturing Co., Ltd engaged in aluminum tube bending services more than 10 years, we have produced various types of aluminum tube bending fittings from different, include welded tube and seamless pipe, Elliptical tube and rectangular tube.

we produce tube bending (<https://www.mxmparts.com/category/tube-bending-service/>) components from materials of stainless steel tube, aluminum tube, carbon steel tube, brass & copper tube.

We're offline

### U type Pipe Bending

We have a variety of tube processing equipment, such as automatic tube bending machine, semi-automatic tube bending machine, double-head tube bending machine, curved arc machine, diameter shrink machine, diameter enlarge machine, precision pipe cutting machine, welding machine, drilling Machine, etc.

### CNC tube bending service

We have a variety of tube processing equipment, such as automatic tube bending machine, semi-automatic tube bending machine, double-head tube bending machine, curved arc machine, diameter shrink machine, diameter enlarge machine, precision pipe cutting machine, welding machine, drilling Machine, etc.

We can produce aluminum tube bending fittings in various shapes, such as straight tube, C-shaped tube, L-shaped tube, U-shaped tube, S-shaped tube, and complex three-dimensional tube components. And do finish of polishing, anodizing, painting, powder coating, electrophoresis and other surface treatment methods.

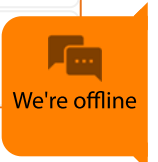

Welcome contact us to discuss your tube bending (<https://youtu.be/gSkGYCRSwR0>) & fabricating components.
