

BeneSOL HAIRMEAL PLUS

Organic Fertilizer

BeneSOL Hairmeal Plus is an organic fertilizer that contributes to soil organic matter and soil fertility. The mixture of organic raw materials results in an organic fertilizer with controlled release of nutrients.

The nutrient release period is at least 90 to 120 days. BeneSOL Hairmeal Plus is an N-rich fertilizer with a controlled release of nitrogen. Thanks to the high nitrogen content, the development of roots, leaves, stems and vegetative organs is stimulated. BeneSOL Hairmeal is often used as a very effective nitrogen source in organic farming. The fertilizer is also very well suited to be used as a supplement to other fertilizers.

The product is manufactured in accordance with EU regulations EC 1069/2009 and EU 142/2011.

Unique characteristics

- Fertiliser with very high nitrogen content and slow release.
- Effective for use in organic farming
- High content of organic matter
- Can be used as a supplement to other fertilisers
- Effective for the use in organic farming
- Listed by the Control Union

Product Characteristic

Pellet-diameter	4,5 mm	Raw material	Hairmeal 90% + Meat bone meal 10%
Dry matter	97%		
Organic matter	80%	Humidity	3%

Nutrition values

Nitrogen	(N total)	13,6%
Nitrogen	(N organic)	13,6%

Dosage averages

Arable land vegetables	800-1.500 kg/ha*
Trees	3-5 kg/tree*
Horticulture	1.000-2.500 kg/ha*
Garden	1.000-1.500 kg/ha*
Sports and Lawn	500-1.500 kg/ha*
